MAYBE WE'RE LUCKY...

We, the staff of the '48 "Indianian," realizing how much more fortunate we have been than preceding classes, because we were privileged to complete our school days during peace times, have decided to use good luck charms as the theme of our yearbook.

ANNUAL STAFF

First Row: Ruth Ann Norton, Lovelee Rinard, Virginia Baker, Janice Crider, Elonda Rinker, Jack Smith.

Second Row: Martelle Helm, Miss Albertson, Shirley Simmons, Patty Reasoner, Jeanne Burson, Jack Pugh.

Third Row: Bill Huffman, Donald Goodspeed, Charles Pethtel, Betty Jones, Carol Morgan, Donald Gum, Jim Smith, Fred McDirmit.

Maybe the class of '48 is lucky to be able to publish a yearbook. The students had almost given up hope of receiving their '47 Annual, so we doubted that the student body would be willing to subscribe for our book until last year's book had arrived. However, we decided to organize a staff and begin work at the usual time, only postponing the subscription drive.

The staff members are as follows: Janice Crider, editor-in-chief; Elonda Rinker, literary editor; Patty Reasoner, senior editor; Bill Huffman and Jeanne Burson, activities editors; Donald Goodspeed, athletic editor; Virginia Baker, snapshot editor; Jack Pugh, joke editor; Jack Smith, art and posters; Carol Morgan, Fred McDirmit, and Charles Pethtel, typists; Martelle Helm, poet; Shirley Simmons, business manager; Lovelee Rinard and Ruth Ann Norton, subscription managers; Betty Jones, calendar; Miss Albertson, literary adviser; and Mr. Wilson, business adviser.

In January we began our subscription drive, since the '47 Annual had arrived around Thanksgiving.

The skits we used to introduce the drive were a parody on "My Merry Oldsmobile", the "Too Fat Polka" by the Trembling Troubadours and little Fredrika, a speech by Jeanne Burson, and a skit entitled "Don't Be Too Late".

He has been with us the past seventeen years.

Mr. Poulson

Mr. Poulson is president of the School Board. He is serving the sixth year of his second term on the Board. We can always count on him as being competent.

Dr. McKean

Dr. McKean, treasurer of the Board, is a very accurate and dependable man. He is serving his second year of his second term on the Board.

Mr. Smith

Our new secretary of the School Board is Mr. Smith. He has proved to be a very able Board member.

Mr. Hoover

Mr. Hoover, our township trustee, is jolly, good natured, and always ready to lend a helping hand.

CLASS POEM

FAREWELL

HARK! Stand back, clear the way,
And open wide the gate;
Another class is coming through,
The class of '48.

Always rowing, never drifting
Is our watchword, true and sound;
And with Jeanne as our leader,
We have reached the topmost round.

A few days of school time joy
And we'll journey on the road,
Each one reaping his own harvest
That in school days he has sowed.

No more we'll be together
As we were in 'Pelier High.
Why is the heart so heavy?
And why that long, deep sigh?

Time and again we have wanted
Our school days to be o'er,
So why are our eyes so dim with tears
As we leave our friends of yore?

We'll take with us the memory
Of our SENIOR days so true,
And of how we scaled the ladder
"Neath the good old gold and blue."

In "goodbye" there's a meaning
That's not easy to define
But it does not mean FOREVER;
It's just a lapse of time.

THE CLASS OF '48.

PROPHECY

A FORWARD GLANCE

After a long, dismal day Janice Crider had just put the twins and Junior to bed and was settling down to read a thrilling love story, when she was interrupted by the ringing of the door bell. To her surprise it was Fred McDirmit and his wife, the former Shirley Simmons, dropping in for a chat. Fred is now taking the place of Humphrey Bogart, and Shirley is taking the place of Lauren Bacall. Fred said that he had heard that Bill Huffman was in Scotland, happily married to an old pen pal, and that Donald (Bugeye) Gum now owns the largest bubble Gum factory in the world. Shirley said she saw in the paper that Elizabeth Fensel was married to a boy from Muncie and that they were going to tour the world on their honeymoon.

They were interrupted by the door bell ringing again and there stood Virginia (Baker) Dawson with her little tots. She is trying to beat the Dawson trait of having boys. She said that Carol Morgan, now an old maid, had just had an offer to be secretary to Jim Smith, the new governor of Indiana.

Janice suggested that they turn on the radio, for it was time for the great news commentator, Harry Beeks. He brought a special news flash which said that Jack Smith and Charles Pethel had just struck diamonds in Alaska.

Melvin Risinger, St. John's delivery boy, arrived with the groceries and said that Herbert Gray and his wife, the former Ellabelle Cale, are living on a little farm near Loose Caboose Junction and that Mrs. Patty (Reasoner) Bell lives above St. John's grocery and buys all her groceries there. He said that Jack Pugh had been in and told him that he and Elonda Rinker were engaged again (I guess Jack finally convinced her he was the one). They are going to live in Albion and raise chickens. Oh, yes, he had also heard that Jeanne Burson was working her way through college selling pop corn.

Melvin had to leave and almost knocked over Mrs. Junior Rogers (the former Martelle Helm) rushing up the walk. She said that she had just heard so much gossip about the Class of '48 that she had to tell someone. She had heard that Mrs. Betty (Jones) Thompson had just completed her third performance of "Carmen" at New York and that Dessel Beavans had finally settled down on a little farm and was now raising lambs. She also noticed a new sign in front of Coalie's Pool room, which said that Jake Hawk, Tom Berry, Junior Evilsizer, and Joe Garrison had taken over. Martelle said that Mr. Morgan told her that Neil Towns and Keith DeBatty are still patiently waiting for their true loves to graduate. He also informed us that Charles Garrett is keeping company with a gal at Chester and Wesley Fulton is still going to Hartford. I guess Donald Goodspeed is the official janitor in the New York Art Gallery. Mrs. Ruth (Merchant) Ford and husband are setting up housekeeping in the thriving city of Keystone. Irene Fear is head waitress and chorus girl at Junior Needler's famous Stork Club. Ruth Ann Norton has a striving business in giving hints to the love-lorn.

Virginia picked up the "Montpelier Headache" and read aloud that Dick Pence and Dick Love are having a double wedding in June. Another news item of interest was that Donnie White, formerly with the Zollner Pistons, is now playing on the All Star Millgrove Mud Hens and that Professor Lovelee Rinard is head of a famous white rat institution.

The "Headache" also states that Jack Stone has just taken off in his helicopter to Hawaii with Miss Albertson as a passenger.

HISTORY

MAYBE WE'RE LUCKY

The Class of '48 has been lucky because all of us have had an opportunity to go to school as long as we liked, while in some countries students may go to school only until they are a certain age, often only fourteen. Our boys have been lucky because they weren't drafted for war before they could graduate. The girls have been lucky, too, because they could plan their marriages and homes without the fear that their loved ones would be called to war and taken far away from them and their families. It seems that we have been lucky throughout our four years in high school.

In our Freshman year we enrolled with fifty-four students, most of whom have remained with us through these four years. We chose as our officers Donald White, president; Dick Pence, vice-president; Virginia Baker, secretary-treasurer; and Betty Jones and Neil Towns, advisers. During the year Thelma Betz and Dorwin Oswalt entered as new students, and Dwight Rogers withdrew. Our class party and a convocation were the highlights of the year. Mr. Craig and Miss Johnson were our sponsors.

Just before the beginning of our Sophomore year, it seemed as if bad luck had come to us in the loss of our principal, Mr. Wilson, to the U. S. O. However, we were fortunate in having a very capable substitute, Miss Nelson. Also, we were lucky to obtain Mr. Dick as a teacher. We chose as our leaders for the year: Jeanne Burson, president; Betty Jones, vice-president; Keith DeBatty, secretary-treasurer; and Garnet Nuckols and Charles Pethtel, advisers. Our sponsors were Miss Morton and Mr. Brinkerhoff. Our first party was a Halloween backward party, held at the High School Building on October 15. We won the War Bond Drive with the help of Neil Towns and his thousand-dollar bond. Our class convocation was given on April 26.

Our biggest and best year yet was in '47. Mr. Wilson came back, and he and Miss Nelson helped us in everything we attempted. Under their direction and that of the class officers, we had a magazine subscription drive, ordered our class rings, held a class party, gave a convocation, and presented our class play, "Date Bait." Our class officers were: Janice Ford, president; Richard Love, vice-president; Elonda Rinker, secretary-treasurer; and Patty Reasoner and Dick Pence, advisers. During the year Dessel Beavans and Gene Dawson entered as new students. We worked very hard on the Junior-Senior banquet. The Ball State orchestra played for the dance, held after a wonderful banquet.

In our senior year we were lucky to have an opportunity to publish the "Indianian" because of the lateness of the '47 Annual.

However, early in the year we sponsored the Spar Brothers Circus to raise money for the publication of our Annual. Early in the year we organized the Annual Staff and began work on our yearbook. On January 28 we presented a skit introducing the Annual subscription drive. This was presented as a radio broadcast. It included a parody of "My Merry Oldsmobile" by the Shy Songbirds; the "Too Fat Polka" by the Trembling Troubadours and Little Fredrika; a skit, "Don't Be Too Late"; and a speech given by our class president. Our aim was to reach 350 subscriptions in two weeks.

We had elected as class officers Jeanne Burson, president; Dick Pence, vice-president; Virginia Baker, secretary-treasurer; and Janice Crider and Dessel Beavans, advisers. Our sponsors were Mr. Morgan and Miss Albertson.

Our convocation was presented on March 24. The Senior Class play, "Going Places," was very successful. We enjoyed very much the Junior-Senior banquet held on May 14. Baccalaureate was held on May 16 and Commencement on May 19. The speaker for baccalaureate was the Reverend V. O. Vernon. Mr. Lewis Gishler spoke at commencement.

All in all, we feel we have had a lucky four years in high school.

The Seventh Grade started the year with fifty-two students, four of whom were new. They were Ruth Wentz, Jack Allen, Nina Coleman, and Donna Bischoff. Jack Overmeyer and George Huffman withdrew early in the term.

Our officers were Sandra Hoover, president; Jimmy Rhoton, vice-president; Charles Wilson, secretary-treasurer; and Patty Carnes and Harold Everhart, advisers.

We had a "gym" party on November 10, and our convocation on April 23. Our sponsors were Miss Ruth Painter, Mrs. Ruth Doyle, and Mrs. Nellie Williams.

The team then beat Jonesboro but dropped their last regular meet with Bluffton and Hartford City. A group of boys went to the Muncie relays and to the Kokomo relays but were unable to score. Altogether Montpelier had a very successful track team this year, winning 4 out of 6.

Mr. Shoemaker—(Merle), has been tutoring the Pacers for three years. Although he did not have too much success until near the end of the year, he is very hopeful about next season. We hope he will be coaching the Pacers again next year.

PELIER'S

Donald White—(Donnie), a senior, has been with the team three years. He is one of the Pacer's chief point getters, and his longs have sent the score up many a time. Donald also won the trophy for good sportsmanship in the four-team tourney.

Dick Love—(Dick), a senior, has been with the team for three years. Dick is a good man on defense and is always in there fighting to get the ball and to keep it.

Jesse Rogers—(Jesse), a junior, is serving his first year with the Pacers. An excellent ball handler, Jesse goes in when they need someone to turn the tide.

Bill Everhart—(Bill), is a sophomore. This is his first year on the team. His clever ball handling and his fine shooting have made him a valuable player. Although Bill is little, he's mighty.

Charles Cain—(Charlie), a junior, has been with the team for two years. Charlie was the Pacers' tall man and did much of the rebounding. He also was one of the high scorers of the county.

PACER'S

Jack Pugh—(Stink), a senior, has been with the team for two years. Jack is noted for his shots that look like they don't have a chance but rack up two points.

Wesley Fulton—(Ike), a senior, has been with the team two years. It was Ike's job to bring the ball down the floor, and his fighting spirit gave the team life when the going was tough.

Bob Garrison—(Boob), is a sophomore. This is his first year on the team. Bob played mostly on the Second Team but could always be counted on to do his best when put in.

Jim Liechty—(Jim), is a sophomore. This is his first year for the Pacers. Jim started the year with the Ponies, but after scoring 40 points in the Second Team game and two points in the First Team game, he ended up with the Pacers. Forty-two points is enough to say about anybody.

Francis Hawk—(Jake), a senior, has been with the team three years. Jake had plenty of experience and could always be counted on in a tight spot.

Dick Sutton—(Dick), Dick is one of the most important men for the Pacers and hasn't played a game. Dick is the man who runs in with the towels. Student manager to you.

THE ENTIRE
CAST

HOME AT
LAST

"DATE BAIT"

The Walkers represent a typical American family with three growing daughters. Their household is a busy one; in fact, Dad Walker (Donald Gum) says that the girls have turned his home from a castle into a turnstile in the Pennsylvania Station. Pat and Mary, (Shirley Simmons and Ruth Ann Norton) the two older girls, have been dating local boys for over a year. Their current dates are Johnny Burns (Dick Pence) and Dave Wilson (Jack Stone).

Little Emily, just going on fifteen, stays at home and sighs with envy at the glorious times her sisters have. Emily (Janice Ford) has bands on her teeth and wears glasses; of course, neither is date bait. When her pal, Anna Gibson (Betty Jones), parades one letter man's sweater after another before her envious eyes, Emily decides that her own fate is to spend her life in a home for spinsters.

Mrs. Walker (Jeanne Burson) tries to keep the household running smoothly. Dad Walker and Jim Allen (Bill Huffman), a next door neighbor, are attempting to restore good politics in the town by exposing Assemblyman Gray and his machine. Mr. Allen calls to work with Mr. Walker on a speech and brings son Harley (Fred McDirmit) to practice on his clarinet. Emily thinks Harley an uninteresting specimen of modern youth, but being worried about that future in a spinsters' home, she proposes to him. Harley is so flattered to think any girl would like him that he accepts.

When Harold Smith (Wesley Fulton) arrives to date Pat, Emily tries to date him; but Harley lets it out that he and Emily are engaged.

As an engagement proves too confining at fifteen, Emily plans a date with Lester Gray (Jim Smith). When Lester arrives in his new, homemade car without license plates, Harley lends him the plates off his father's car. Off they go, but when the motor doesn't work and they run into trouble with the law, Officer Benson (Bill Hawk) takes them to the Walker home and learns the truth of the whole matter. It doesn't make a very pretty picture, politically speaking when Benson has to take Lester to headquarters.

After Harley kisses Emily goodnight, she calls Anna to tell her about the wonderful evening she has had.

"LITTLE MISS SOMEBODY"

CRIER STAFF

"LITTLE MISS SOMEBODY"

SEPTEMBER

CALENDAR

SEPTEMBER

Well, kids, here we are back at school again. There are a lot of new things: new faces, new clock in the gym, new appliances in the Home Ec. Dept., and above all, new activities.

Carol Morgan, Charles Pethtel, Joy Nell Love, and Jack Gilbert were elected as class representatives to the Student Affairs Committee. In fact, everyone is getting elected. The classes chose for presidents: seniors, Jeanne Burson; juniors, Patricia Schuller; sophomores, Jimmy Liechty; freshmen, Bud Shores; 8th, Jerry Buchard; and 7th, Sandra Hoover.

What's this: "The Sad Sacks" vs. "The Hep Cats?" Oh! It's just the Junior Class dividing into two groups to start their annual magazine sale. Well, good luck.

I thought that Jack Burson was back in school when I heard that singing, but it was Mr. Emmanuel Mansfield, the negro tenor. He furnished some wonderful entertainment, didn't he? Don't you think we ought to thank the Tri-Kappa Sorority for sponsoring him?

Clubs were re-organized. They are Junior Dramatic Club, sponsored by Miss Rea; Ra Von Dramatic, by Miss Albertson and Miss Nelson; Commercial, by Miss Morton; Future Farmers of America, by Mr. Brinkerhoff; Girls' Ath. Assn., by Mrs. Williams; Y-Teens Club, by Mrs. Doyle; Future Home Makers, by Miss Shafer; Art Club by Miss Painter; Boys' Ath. Club, by Mr. Shoemaker; Hi-Y Club, by Mr. Wilson; Library Club, by Mr. Morgan; and a new one, Nature Study Club, by Mr. Buser.

Do you read the latest school news called "The Crier", printed in the Montpelier Herald? The news is brought in by the Junior Class and is supervised by Miss Albertson.

What's coming of this younger generation? They're all right, I guess, since three sophomores were elected as yell leaders. Let's everyone back Nancy Oswalt, Harriet Reasoner, Marilyn Hoover, and the team. Better luck next time to their opponents.

OCTOBER

For our first Chapel service, Rev. Vernon was the speaker.

There is a lot of noise around school since Mrs. Doyle is organizing the band, orchestra, glee clubs, and choir, and who knows what else?

Everyone enjoyed the community singing held in the auditorium with songs led by Mrs. Doyle and accompanied by Joy Nell Love. Everyone sang. Is that bad or good?

The new members of the Ra Von Dramatic Club took a lot of punishment at their initiation party.

"Dance, all you guys and chicks, to the tunes on our vic," goes the rhythm at the school dances, sponsored by the Student Council.

Ah! At last a relief! Everyone enjoyed the vacation during Teachers Association.

Attention, all you lucky boys! The Advanced Home Ec. classes, under Miss Shafer, are learning to cook.

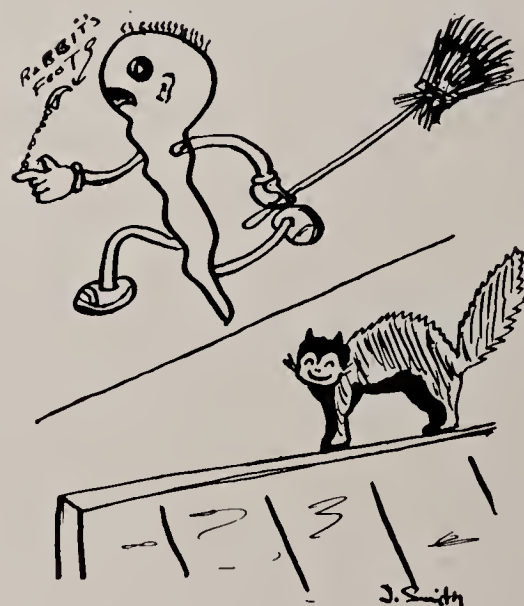

Stop! Look! Listen! Safety week is here again.

Wouldn't it be wonderful if we all had "Model Husbands" as was Jack Dougherty in the Eighth Grade convocation?

"Redbook, Esquire, Journal," shout the Juniors as they start their annual magazine sale.

Season tickets are on sale, so get out your money, all you basketball fans.

OCTOBER

NOVEMBER

The Business and Professional Women held their annual carnival, and from the looks around school, I'd say that some forgot to take off their false faces.

Great day for seniors—the annual staff was announced today. This will be the best annual yet, at least we think so.

Everyone should get intelligent—this is National Education Week. Parents were invited to visit school and give suggestions for improvements in studying or in the curriculum. Rev. Stapp was the speaker for Chapel services. The Freshman Convocation, pertaining to Thanksgiving, was divided into two parts. The first part was sacred and the last, a festive play, "Father Talks Turkey." A tea was given by the Seventh Grade girls to all mothers, high school faculty, janitors, trustee, and cooks. Eighth Grade had a class party. The ones that did the most work were the clean-up committee. The Sophomore Class and the Seventh Grade also had parties. Must be the month for parties. The Commercial Club visited the Fort Wayne Corrugated Paper Mill at Hartford City. They were shown the different office equipment and how to use it. Teams were chosen for the pest contest in the F.F.A. Club. I know quite a few pests. How about you?? The Dramatic Club attended the play, "The Apple of His Eye," put on by the Spotlight Club at Ball State Teachers College. Senior and underclass pictures arrived, and the group pictures were taken. New activities are starting! The cafeteria and noon league have begun. Our ball team isn't "on the ball" so it seems. They were defeated by Upland, Roll, Dunkirk, Chester, Warren, and Geneva.

Thanksgiving vacation was very welcome, as it always is! I guess it does the teachers good to get away from the "kids" for awhile. Last year's Annuals finally arrived in time to give us something else to be thankful for.

DECEMBER

Rev. White of the Nazarene Church gave the address for Chapel. The Girls Glee Club sang a special number. Another Jive session was held in the gym. Former graduates could be invited. The Pacers won their first game of the season in the Four-Team Tourney by defeating the Pennville Bulldogs. Maybe our luck has changed.

A very interesting Christmas program was presented under the direction of Mrs. Doyle. The part that was the best was when it ended, so that we could begin our vacation.

Christmas season must be too dull around 'Pelier for most of the faculty members, for most of them spent their vacations out of town.

JANUARY

"Rebecca of Sunnybrook Farm" starring Shirley Temple was sponsored by the Ra Von Dramatic Club and presented to all the other clubs. Who knows—someday you may be a great movie star.

Along with everything else the cost of the school lunch has gone up to twenty-five cents.

Advice to the lovelorn. Flash! Girls, if you haven't got a man, you'd better hurry; as leap year is swiftly going. Dan Cupid was very busy over Christmas holidays, as everyone is getting engaged or married.

The Pacers defeated the Albany Wildcats in the last minutes of the game. A very exciting game with the Pacers the victor with the score 44 to 42.

An all school dance was held in the gym. Is everyone ready for the Junior-Senior dance?

"Current Biography," a new reference book, was added to the high school library. It tells "who's news and why."

An all school convocation uncovered hidden talent. There were vocals, twirling, and various musical numbers.

Oh! Sorrowful day . . . Aren't we lucky that exams come only twice a year.

A balcony meeting was held to promote the March of Dimes. Did everyone give what he could?? Let's hope so, since it's needed so badly.

The Annual Drive has begun, and we hope that everybody subscribes for it will be one of the best annuals yet. The Senior Class has divided into two sections for the drive. The "Blue" team with Jeanne Burson as leader, and the "Gold" team with Dick Pence as leader. Skits to promote the drive were given in the form of a radio program featuring the Trembling Troubadours and Little Fredrika singing "Too Fat Polka."

FEBRUARY

The movie, "Frozen Freshness," was shown to Advanced and Freshman Home Ec. classes. Mrs. Elizabeth Garr from Indiana General Service at Hartford City explained the picture to the classes.

Dr. George Davis of Purdue University gave a lecture on the life and writings of James Whitcomb Riley. He was very amusing and entertaining.

The High School Choir gave a Sunday evening concert at the Evangelical United Brethren Church in Hartford City. (Guess they can't sing well enough in Hartford.)

The local basketball team went to Fort Wayne to see the Zollner Pistons play the Anderson Packers. They gave the Pistons some advice, no doubt.

Everyone enjoys club day. Anything to get out of school, I guess.

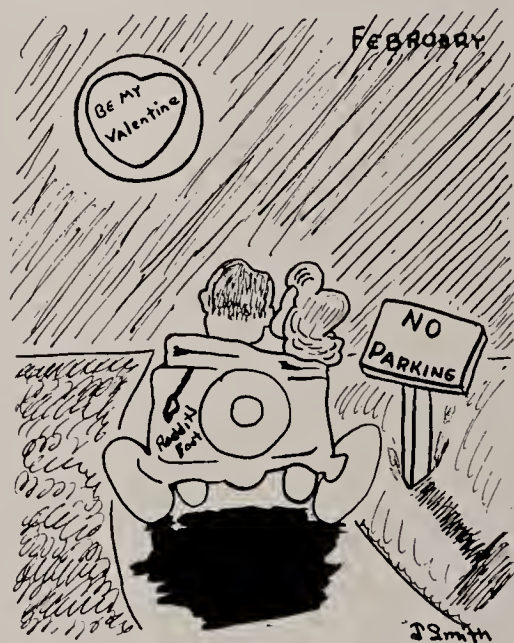

The Faculty of the local schools, the trustee, the school board members, and the custodians had a party. Do you suppose they played post office? What about it, Lillie?

Does everyone appreciate our school and town?? Well if you want to know those who do and why they do, read the editorials written by pupils and published in the Crier section of the Montpelier Herald.

If you saw a rabbit running around school, it belonged to Mr. Campbell, a magician who presented a program of humor, tricks, and magic. His wife gave a ventriloquist act. Remember how Susie fell for Dick Love?

The Junior Convocation consisted of two short plays and musicals, one of which was "I'm My Own Grandma." That would be kind of hard to be, don't you think?

"Who's going to win?"; "Where are you going to sit?"; "What are you going to wear?"; that's all you can hear since it's time for the Sectional. Well, whether we win or lose, we'll know that it was a good, clean game, and know that the Pacers did their best. Lots of luck. We'll enjoy the holiday even if we do lose.

MARCH

The annual basketball supper was held in honor of the basketball boys for the fine work they've done this year. I'm glad they didn't throw the food around like they do the basketball. The coach and the yell leaders deserve a lot of credit, too.

Two one-act plays, "Nora Gets Engaged" and "Miggles," were presented by the Ra Von Dramatic Club members to the students and the public.

Now is the time when we see which class has the best ball players. The Interclass Tourney is always lots of fun, and let's say that all the teams are pretty good. Of course, I think the seniors "have it in the bag."

Speaking of tourneys, there is also the Noon League Tourney, which ends the season for basketball.

The Sophomore Convocation consisted of three skits and two instrumental and vocal numbers by Elizabeth Howard.

The drive for "Annual" subscriptions closed with the Golds winning. Wesley Fulton, with fifty-six, had the most subscriptions for the Gold team; and Harry Beeks, with fifteen, the most for the Blue team. Each boy received a free Annual for having sold the most for his team.

The Home Ec. girls are lucky; remember, "The way to a man's heart is through his stomach."

The Future Farmers of America are having a Speech and Essay contest, in which the winners are to go to Purdue. The boys from Montpelier in this contest are Harry Beeks and Jesse Rogers. Harry's topic is "This Changing World of Agriculture," and Jesse's is "Those Little Things of Life."

The Senior Convocation, one of the last but not least, was a play "Out of This World." Music was furnished by Charles Vernon and Bill Huffman.

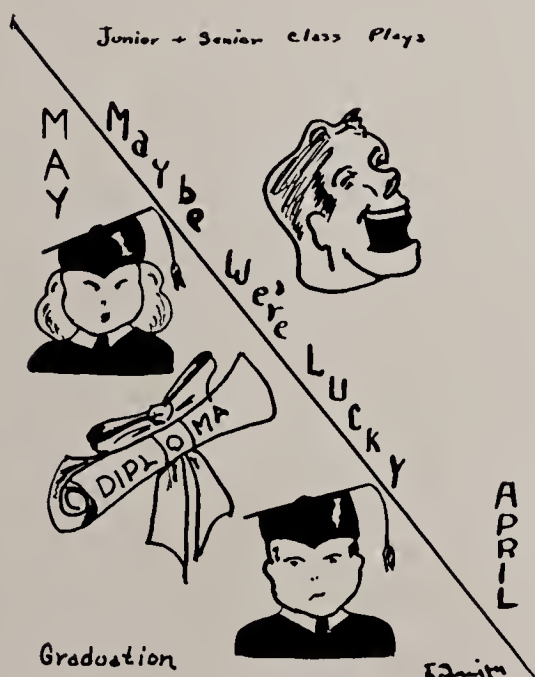

APRIL-MAY

There was another jive session at school. These school dances are really swell, and I know all the students appreciate them. I guess the teachers enjoy themselves, too. I believe I saw Miss Nelson "cut a rug."

I'll have to write about the things that happen before they happen, for the Annual goes to the printer on the 16th. Let's hope we get our Annuals in time for everyone to sign them.

Isn't life wonderful! Spring is here at last and to top that, we have spring vacation.

Since I'm not too good at prophecy, I'll write what the calendar has planned for the rest of the school year.
